10th Anniversary!
1987-1997

How do!

Mailbox Books here. Stuff, hoo, the *stuff* we have for sale! And more new titles coming in all the time! Keeps us busy just keeping our Vast Catalog updated! And *speaking* of which, here's the latest edition of said Catalog for your perusal. We hope something will interest you! These Catalogs are *free*, by the way! Know anyone who might like to have one? Tell us and we'll mail one to 'em!

KEEP THIS CATALOG!

You might want to order something *else* from it one fine day! Cherish it. Make it a family heirloom! Put it in your wall safe! What if, Heaven forbid, you were to *lose* it?? Well, actually, we'd just send you another one but hang onto *this* one anyhow!

You'll notice that various items from last year's Catalog edition are no longer listed. These items are probably sold out but we might have a few left in stock. Write to us if you're interested in something that is no longer listed.

About postage and handling charges:::

Simple. It's all on the order form, 75 cents for one items, $1.50 for two or more items. Orders totaling $25.00 or more pay **no** postage or handling charges to addresses within the United States, including APO and FPOs. Canadian and Overseas customers should check our postage schedule, available upon request.

About 'Mature' or 'Adults Only' titles:::

Items listed as such require a signed age statement. We cannot ship without your signed age statement! That's the law. (Sorry, kids.)

About substitutions and out-of-stock items:::

We always strive to ship your order *fast.* There are three things that you can do to help us speed your order to you. First, list alternates. Second, list alternates. And third (and most important), list alternates. Things sell out and if an item is due in to us "any day now" your order might get put aside until the item shows up, which could add days to your delivery time. You don't need to list an alternate for every item that you order... just list a few inexpensive items and a few of higher price. That's usually plenty.

Comments? Suggestions? We'd love to hear from you!

Thanks!
